Subject: Urgent Request for International Support Amid Humanitarian Emergency Following Earthquake in Venezuela

Dear colleagues and strategic allies,

We are writing to you under some of the most challenging circumstances our community has faced in recent history. As is publicly known, our city has been struck by a devastating earthquake that has caused severe damage to infrastructure, disrupted basic utilities, and tragically left thousands of families in a state of extreme vulnerability.

From the Caracas Chamber of Commerce, Industry, and Services, in our capacity as founding member and host of the ICC Venezuela chapter, we are actively working to assess the damages and coordinate actions to mitigate the economic and social impact of this disaster. However, the magnitude of this emergency far exceeds our immediate local capabilities.

The process of relief and reconstruction would greatly benefit from solidarity and a collective effort from the global network of the ICC. Therefore, we issue an urgent appeal to all our partner organizations, national committees, and member companies to extend their invaluable support during these critical times.

To ensure that assistance reaches those in greatest need in a swift, transparent, and efficient manner, we recommend that any financial resources and donations be channeled through two of the organizations with the most extensive deployment and proven track record in humanitarian crisis response in our country: **Cáritas de Venezuela** and the **International Federation of the Red Cross (IFRC)**.

Below, we provide the banking details for both organizations to receive international donations and transfer instructions:

Cámara de Comercio, Industria y Servicios de Caracas, La Cámara de Caracas RIF: J-31175605-1

Hacemos historia, construimos país

Av. Andrés Eloy Blanco, Edif. Cámara de Comercio, piso 8, Los Caobos, Caracas – Venezuela, 1050
